

In the name of God

Invitation of the Exhibition

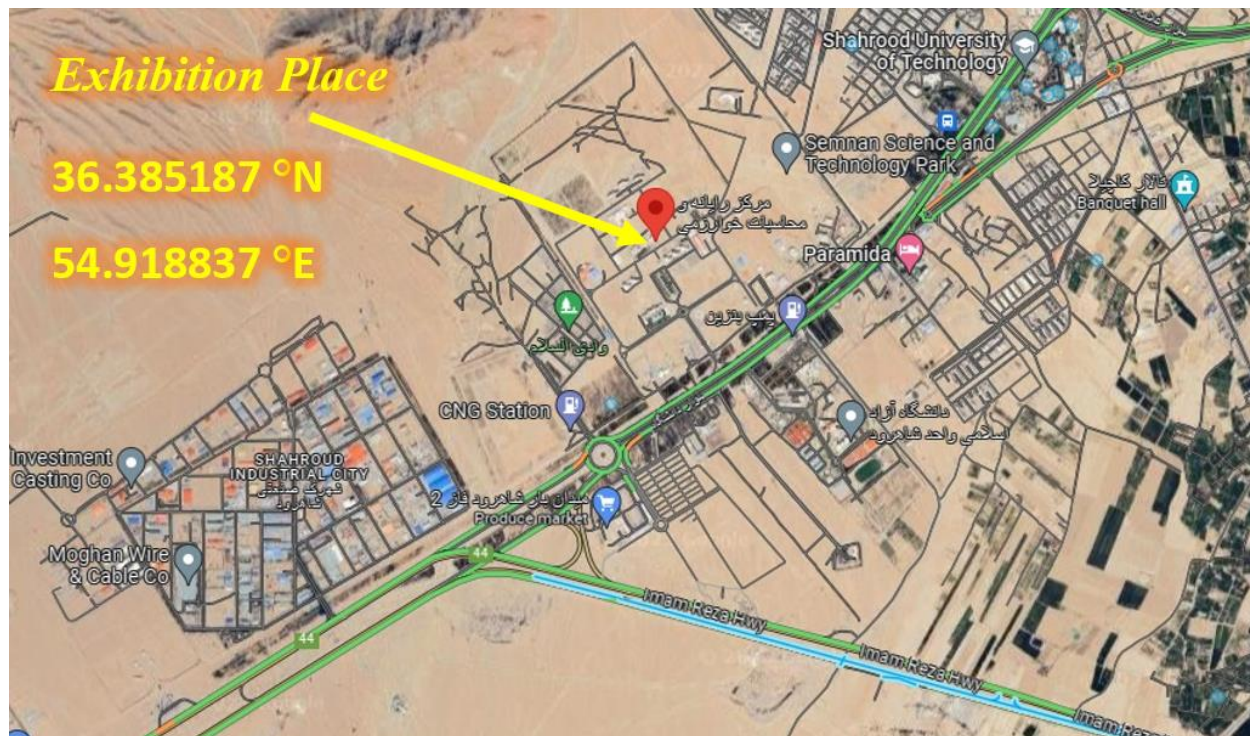

18th International Conference on Protection and Automation in Power Systems

Shahrood University of Technology

The exhibition of the 18th International Conference on Protection and Automation in Power Systems will be held at the same time as this event. The purpose of this exhibition is to present the latest achievements in the subject areas of the conference, to familiarize with the capabilities of domestic companies, to attract experts and activists of each field in related companies and to create more interaction and synergy between industrial partners. In previous years, this exhibition was held at the same time as the conference and had positive results. It is hoped that the expected achievements from the exhibition will be achieved in this period as well.

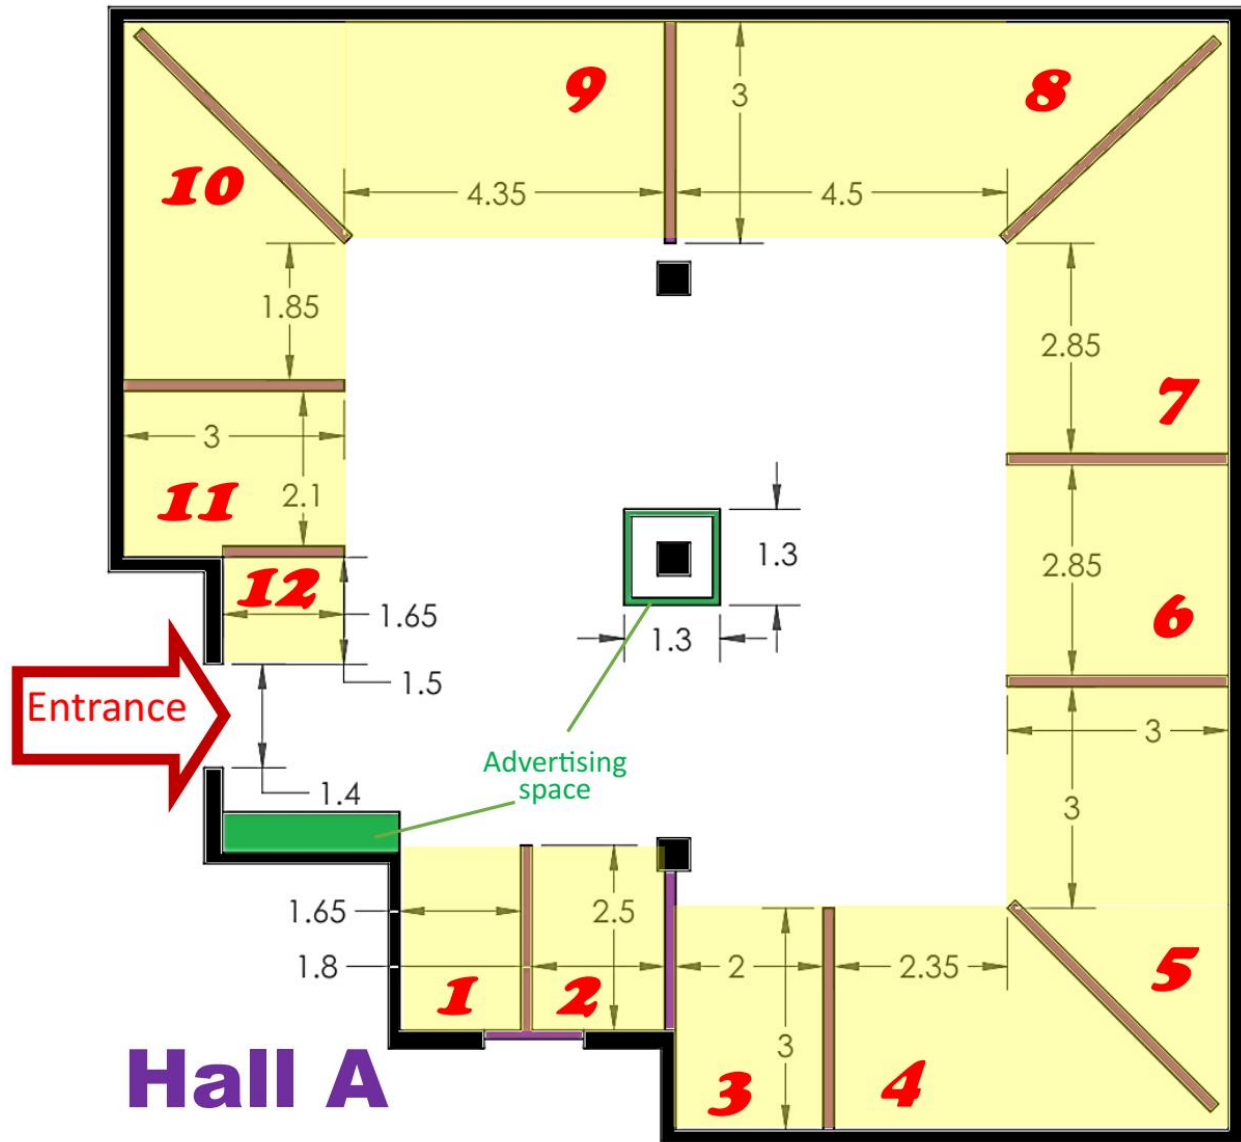

Exhibition place

The exhibition will be held at the same venue as the main conference meetings and paper presentation sessions located in the Kharazmi Building in the Engineering and Modern Technologies Campus of Shahrood University of Technology (at the entrance of Shahrood city from Tehran). The exact location of the exhibition is shown in the image below.

The booths detail

The present exhibition will be held in two similar halls, A and B. Each hall includes 12 booths, the minimum size of the booths is 2.5 square meters and the maximum is 18 square meters. If you need more space, it is possible to reserve two adjacent booths. The details of the dimensions and position of the booths are shown in the figure below.

The hall A is currently active. The similar hall B, in the vicinity of hall A, will be activate if there is enough reception.

The booths support

The booths are separated from each other by space frame size 15, and each booth is covered with a banner or wall from the side surfaces. The floor of the booths will be carpeted. Each booth has an office desk, two chairs, and an electrical outlet at the booth. The lighting of the booths is provided by the natural light of the hall, and if desired, more light can be supplied by the participants. The use of advertising lights, lasers, flashers, etc. is allowed with the coordination of the organizer. It is possible to serve lunch and dinner for two people per booth during the two days of the conference.

Time of the event

Tuesday	9 Jan 2024	10 am to 6 pm
Wednesday	10 Jan 2024	8 am to 4 pm

The above time is for visiting the exhibition. To prepare the booths, the exhibition is open from 8:00 a.m. on Tuesday and to take down the booths until 6:00 p.m. on Wednesday, and the organizers are ready to cooperate with the participants.

The booths reservation

For information about the reservation process please contact the conference secretariat after 10 Sep 2023.
